Lequel, which usually means "which," is arguably the most difficult French pronoun. Lequel has four basic forms because it has to agree in gender and number with the noun it replaces. In addition, lequel has several contracted forms—like the definite articles le and les, lequel contracts with the prepositions à and de. Lequel is usually either an interrogative pronoun or a relative pronoun.

However French is changing, and a growing number of personal nouns are being used in both masculine and feminine forms. Usually a specific feminine form is used, as in le président / la présidente ; but in some cases identical forms are found, as in un professeur / une professeur (or une professeure) or un / une médecin (a doctor). In this last case, one cannot say Une médecine, as that ...
